I love Silver Lake because of the teachers. I like Mrs. Sharp because she does not yell as much, and she let's us do a lot of fun stuff! I also like Mrs. tenBensel she is cool because she is the volleyball coach and my favorite sport is volleyball. She also lets us listen to music if we are quiet! Mrs. Koos is supportive because she told me I was good enough to do this and that, and she told me to believe in myself when I said I couldn't do it. Mrs. M is cool because she gave us a cookie each time we got something right the first time. She also got us a ant hill and 5 caterpillars that comes with a butterfly net for them to make their crystallites in. The teachers at Silver Lake are the best!

What are your favorite subjects? Activities? Special events? These are some of mine. AR parties are my favorite special event. We get to have luxuries like snacks, comfort, movies, (and no homework!). The AR parties are very fun as you can see, it's a little thing I get a kick out of.

Science is my favorite subject so far. It is a lot more fun than it sounds. We get to do labs and use clickers. The labs let us understand the things we are studying better. The clickers help us study and build up are strategies.
